A dark, irregularly shaped object, possibly a piece of debris or a small spacecraft, is shown floating in a light green, hazy environment. The object has a complex, blocky form with various protrusions and indentations. It is the central focus of the panel.

A man with dark hair and a beard, wearing a dark hooded jacket, is shown in profile, looking down. He is the central figure in the panel. The background is a simple, light-colored surface.

IF YOU WORRY LIKE THAT
YOU WILL BECOME SILENT.
THERE'S NOTHING
WE CAN DO
